PRAVESH KUMAR

ASPIRING DEVOPS / CLOUD ENGINEER · INTERNSHIP SEEKER

pkspravesh03@gmail.com | LinkedIn | GitHub

SUMMARY

BCA student building practical DevOps and cloud skills through hands-on projects. Practised containerizing FastAPI applications, automating image builds with GitHub Actions, deploying workloads to AWS EC2 / K3s, and troubleshooting Docker and Kubernetes setup issues. Looking for a DevOps or cloud internship to contribute to repeatable delivery workflows while learning from experienced engineers.

TECHNICAL SKILLS

Cloud: AWS EC2, S3, IAM fundamentals

Containers & orchestration: Docker, Docker networking, Kubernetes / K3s, Deployments, Services, ingress fundamentals

CI/CD & IaC: GitHub Actions, CI/CD fundamentals, Terraform fundamentals, Docker Hub

Linux & networking: Ubuntu, Linux CLI, ports and processes, DNS lookup, networking fundamentals

Development: Python, FastAPI, Git, GitHub, PostgreSQL fundamentals, HTML/CSS, JavaScript basics

PROJECTS

Kubernetes GitOps Platform

AWS EC2 · Docker · K3s · GitHub Actions · FastAPI

- Built and published a containerized FastAPI app to Docker Hub; configured a two-replica Kubernetes Deployment, Service, and ingress practice on K3s.
- Configured GitHub Actions workflows for image publishing and deployment; troubleshot image-pull and low-disk-capacity issues.
- Code: GitHub repository · workflow history

Cloud-Native DevOps Platform

AWS EC2 · Docker · FastAPI · PostgreSQL · GitHub Actions

- Ran FastAPI and PostgreSQL as separate containers connected through a dedicated Docker network; practised CI/CD and EC2 deployment.
- Investigated application startup and container connectivity using logs, ports, and container state.
- Code: GitHub repository

DevOps CI/CD Project

GitHub Actions · Docker · Nginx · AWS EC2 · SSH

- Containerized a static web application with Docker and Nginx and practised automated build and SSH-based deployment to EC2.
- Code: GitHub repository · workflow history

EDUCATION

Bachelor of Computer Applications (BCA) — Delhi Skill and Entrepreneurship University (DSEU) | Expected 2028

Project work reflects hands-on learning and personal labs; no professional production experience or formal DevOps certification is claimed.
